

PASTOR REFERENCE – 2023 STUDENT MINISTRIES WEEKEND RETREAT

Pastor completing reference may not be related to the applicant.
[Reference form is not required for applicants who are AG credentialed ministers.]

APPLICANT NAME: Last _____ First _____ Mid Initial _____

I have been personally acquainted with this applicant for _____ years.

Student Ministries Weekend Retreat requires that the local church must have a current background check on file in church records for all camp leader applicants.

Frequency of Background Checks: Current insurance standards state that it is important to set a policy and follow it. Recommended policy would be to require a volunteer application with references and release to conduct a background check. A minimum standard to follow would be to follow up on all references and require a background check once as long as the volunteer is in continuous service. This means that she/he serves continuously without being off for more than 1 year and 1 day.

Yes No Are background report and references on file in church records [required]?

I am personally acquainted with applicant and in my opinion declare that applicant is competent and qualified to work with minors. I have no knowledge of facts or allegations that raise any question concerning his/her suitability and trustworthiness for working with minors.

Based on my knowledge of applicant I do **NOT** recommend him/her for 2023 Student Ministries Weekend Retreat.

Additional information that may be helpful regarding this potential staff person/cabin leader: _____
